#### IMPORTANT REMARKS :

- Always make sure all cows have access to ad libitum forages/silages.
- Make sure cows always have access to fresh, cool and clean water.
- The amount of feed for a cow is depending on production level. HP Dairy meal is for cows producing >20L/day.
- The Dairy meal intake 3 kg up to 6L milk production/head/day.
- Dairy meal intake >6L milk production/head/day is 1 kg dairy meal per 2L milk production, up to a max of 12 kg intake/day.
- Dry cows should get 2-3kg/day next to ad libitum low/medium fibre rich forages.
- Thoroughly mix the ingredients for the best outcome.
- Please check the website for the full nutritional composition of the feed after mixing.
